[Back to top](#)

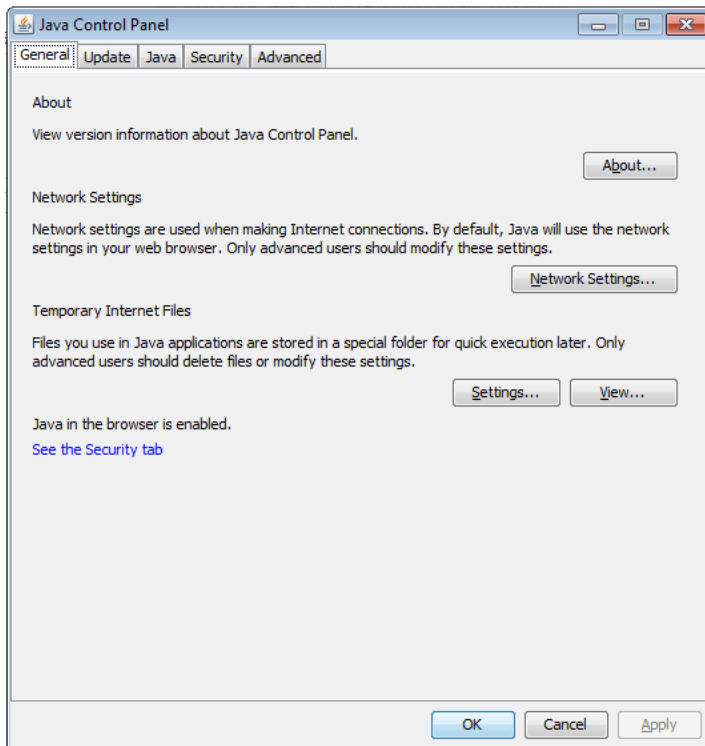

- Install the Downloaded JDK.

**Note: Download Only JDK specified but not JRE**

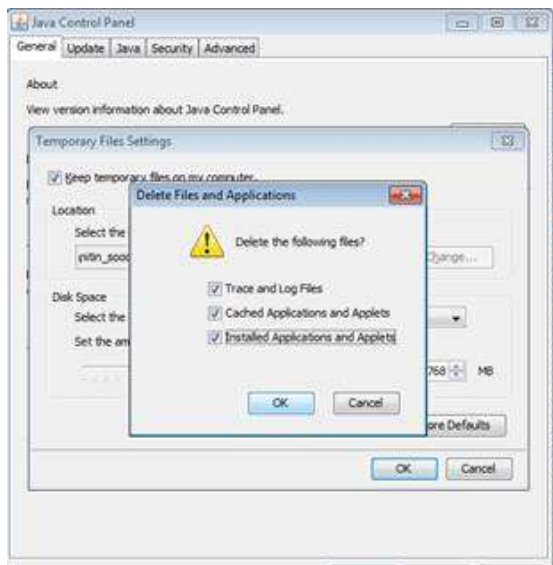

**Restart the System after Installation AND proceed with Step-3**

### Step-3:

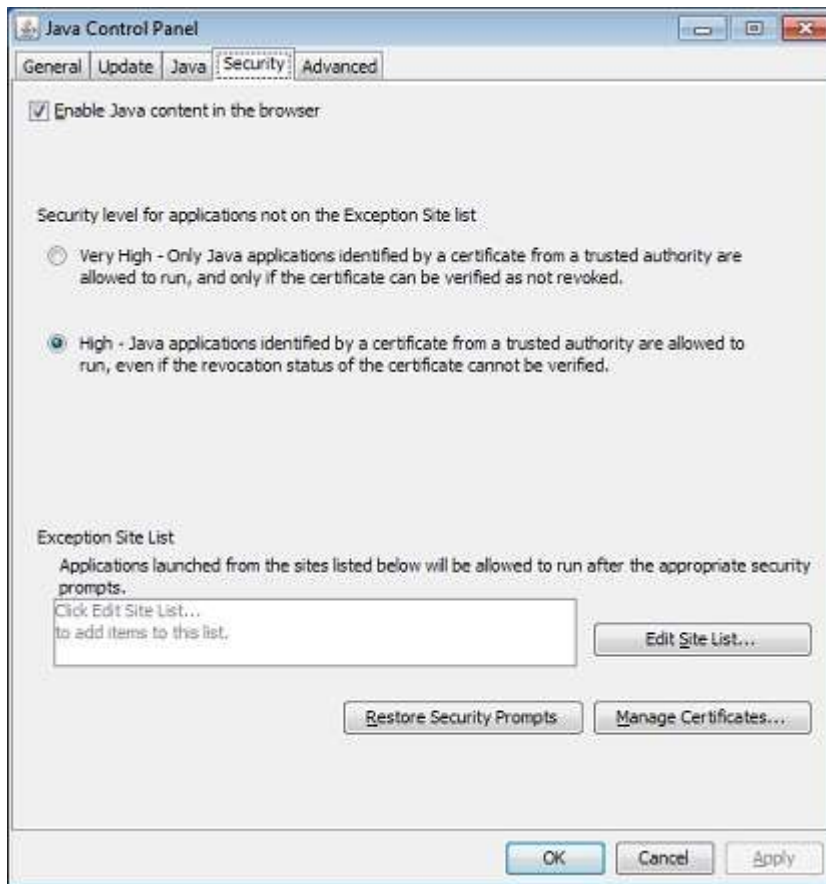

1. Go to Start-> Type "Configure Java" to get Java Control Panel

2. On General Tab click on setting button. On the new pop up window click on Delete Files button.
3. Check all the 3 options and click Ok.

4. Click on Security Tab. For Java 8, Change the security level to High (). Click on apply button.
5. Now, Click on **"Edit Site List"**

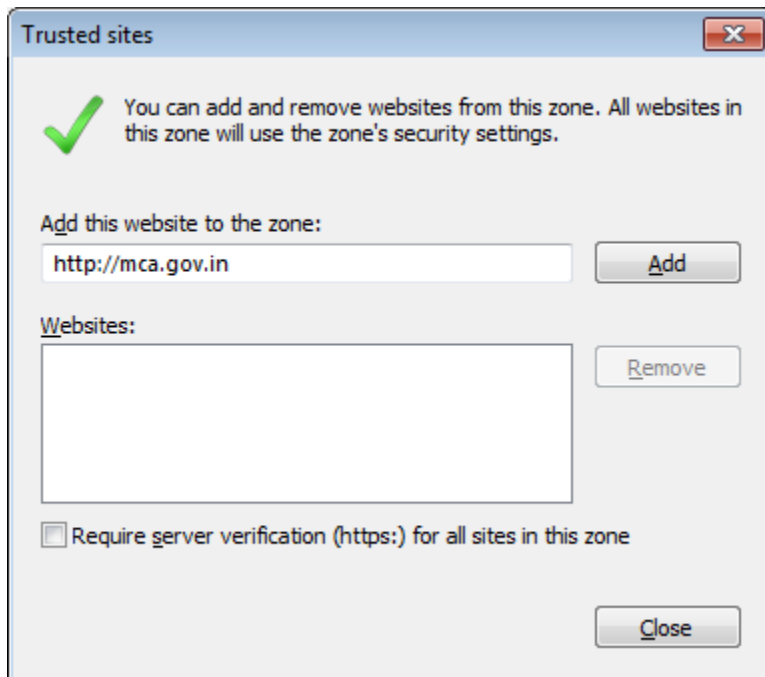

6. Add <http://www.mca.gov.in> and click on "ADD" button and Continue when prompt.
7. Add <http://mca.gov.in> and click on "ADD" button and Continue when prompt.
8. Click on "Apply" and finally click on "OK" button.

Step-4:

1. Open Internet Explorer
2. Go to Tools->Internet Options
3. Click on Tab "Security"
4. Click on "Trusted Sites"

5. Click on "Sites"
6. Uncheck the Check box "Require server verification https: for all sites this zone"

7. In the Add this website to the zone : Add <http://www.mca.gov.in> and click on Add
8. Again add <http://mca.gov.in> and click on Add
9. Click on Close

Step-5:

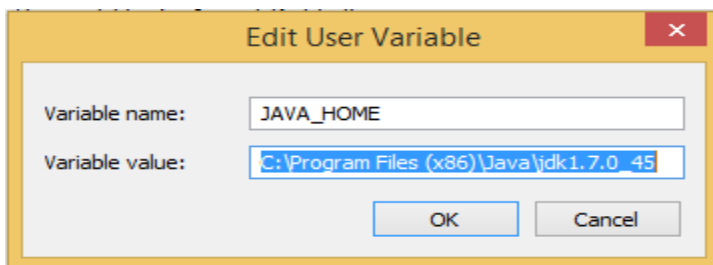

1. Make Sure You are using Windows operating System only
2. Make sure OS version should be Windows 7/8/8.1/10

Step-6:

1. Click on My computer /Computer ->Go to properties by right click and properties
2. Go to "Advanced System Settings" link available at the Left corner
3. Go to tab "Advanced"
4. Click on "Environmental Variables"
5. Click on "New"
6. Add Variable Name as "JAVA\_HOME"
7. Add Variable Value the path of installed JDK

Ex: C:\Program Files\Java\jdk1.8.0.92

Ex: C:\Program Files (x86)\Java\jdk1.8.0.92

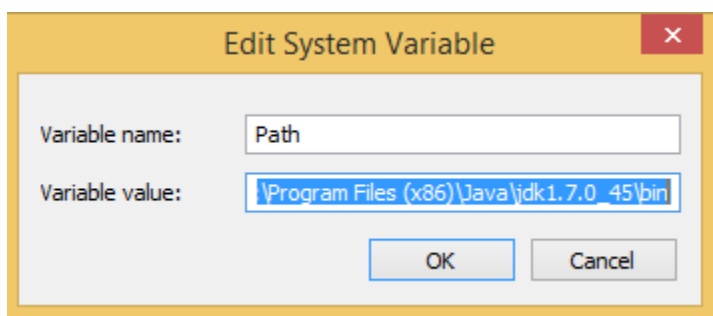

(Ignore the Versions in screenshots. Please follow java 8 v-92 32 bit only)

8. In the section System Variables, find the "Path" environment variable and select it. Click Edit. If the PATH environment variable does not exist, click New. Append the path of your JDK wherever it resides up to bin after a semicolon to the variable value.

Ex: ; C:\Program Files\Java\jdk1.8.0.92\bin

Ex: ; C:\Program Files (x86)\Java\jdk1.8.0.92\bin

(Ignore the Versions in screenshots. Please follow java 8 v-92 32 bit only)

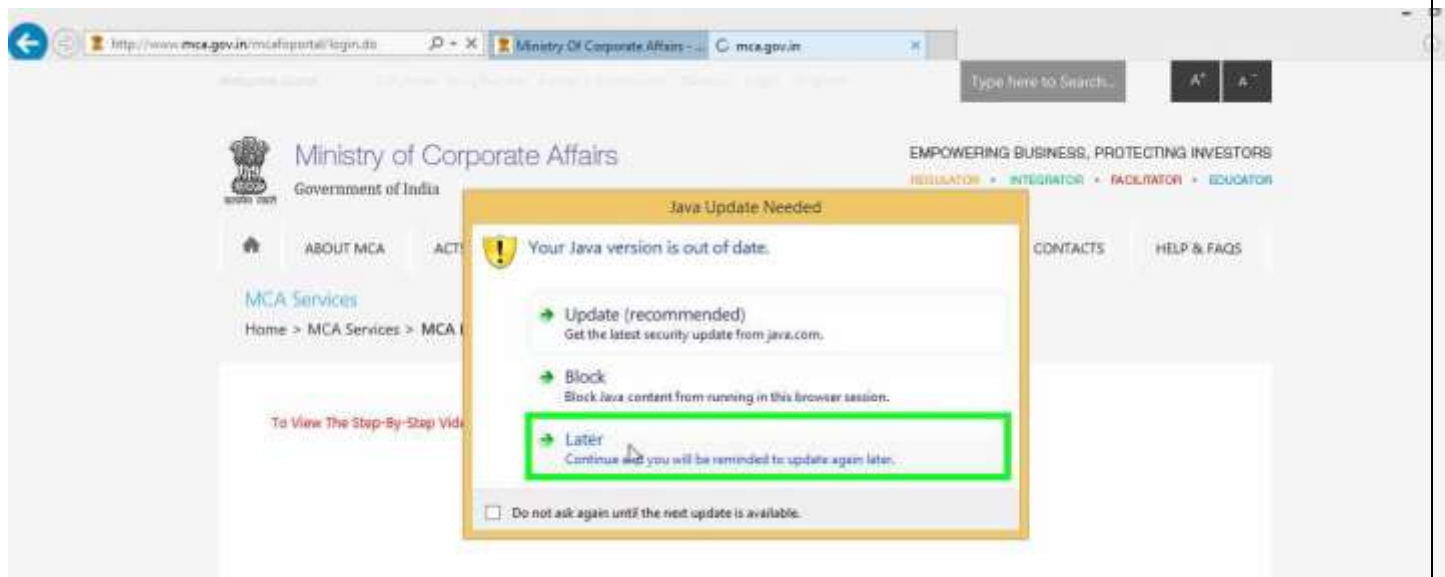

9. Click on Ok.
10. Click on Close

Step-7:

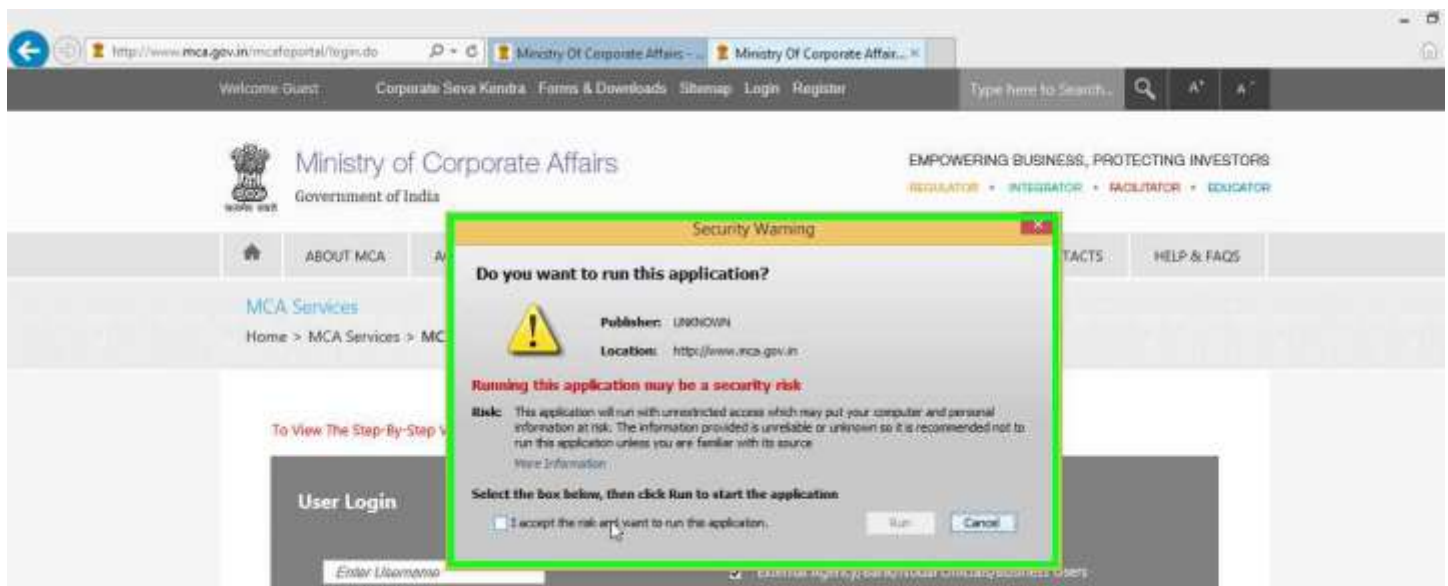

11. Open Internet Explorer
12. Type WWW.mca.gov.in
13. Click on Login
14. Check the Tab “External Agency/Bank/Nodal Officials/Business Users” Check Box
15. Wait for minimum 5-10 seconds (Some-times will take more than 40sec)

Step-8:

1. You will get a popup showing “Java Update Needed”

2. Check “Don’t Ask Again until the Next update is available” check box
3. Click on “Later”
4. Wait for 10-15 Seconds
5. Now click on Browse button
6. An applet will load like:

7. Check the “I accept the risk and want to run this application” check box

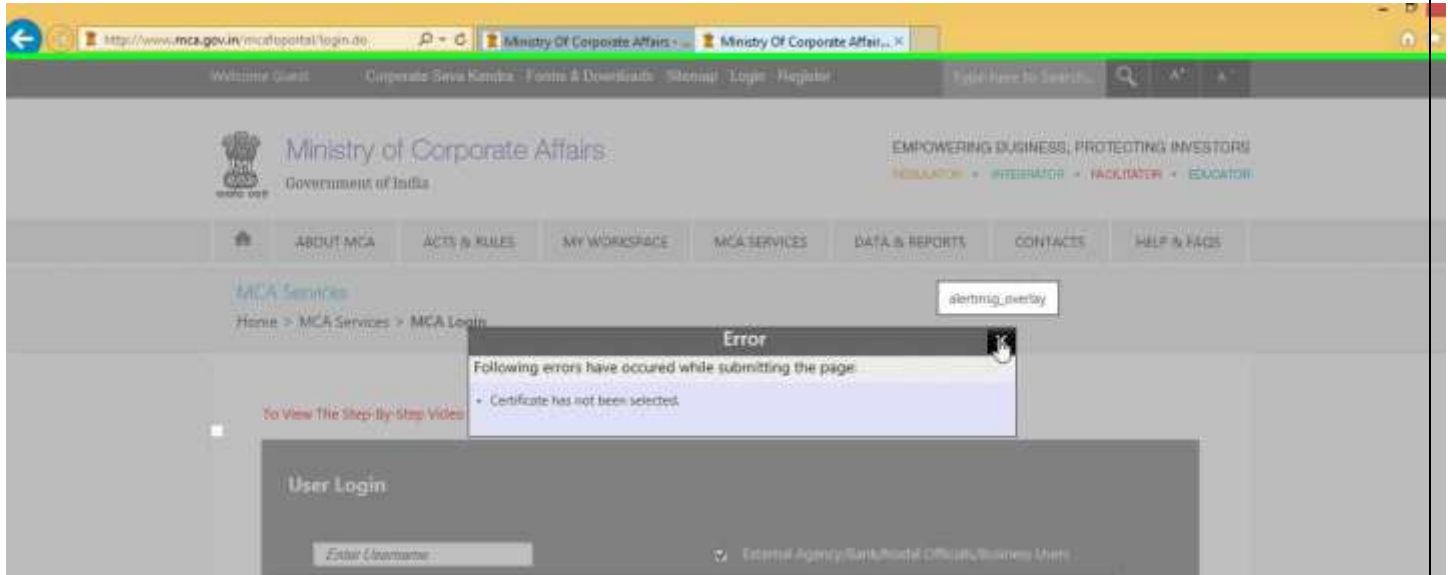

8. Click on “Run”

9. Note:

You will get a DSC selection Window if DSC driver and DSC is installed in your System

10. Now Select the DSC Displayed in the Selection Menu

11. If DSC is not Installed /DSC token driver is not installed in your System you will face an error when click on Browse button as “Certificate has not been Selected/Token Not detected” error as below

Note: If you had come across the above error:

Kindly reinstall your DSC token driver and Install DSC in your System.
