About the XBRLator™:

- The **XBRLator™** is a web based transformation tool which can run on any computer with a reasonably good internet connection. Users therefore need not worry about installation, taxonomy/software updates, MCA requirement updates or data loss due to system crashes. Also, they are not restricted to a single computer and can securely access their transformations from anywhere.
- The **XBRLator™** is very user friendly and no prior knowledge of XBRL is required to transform Financial Documents to XBRL Instance Documents
- Multiple users (up to 20) can work simultaneously thereby saving precious time.

Pricing:

- In addition to the prices shown above, we have a variety of other pricing options which can help you bring down the **cost per company per year to less than Rs.1,500/- (inclusive of taxes)**.
We also offer Transformation Services on request.
